UNM Facts

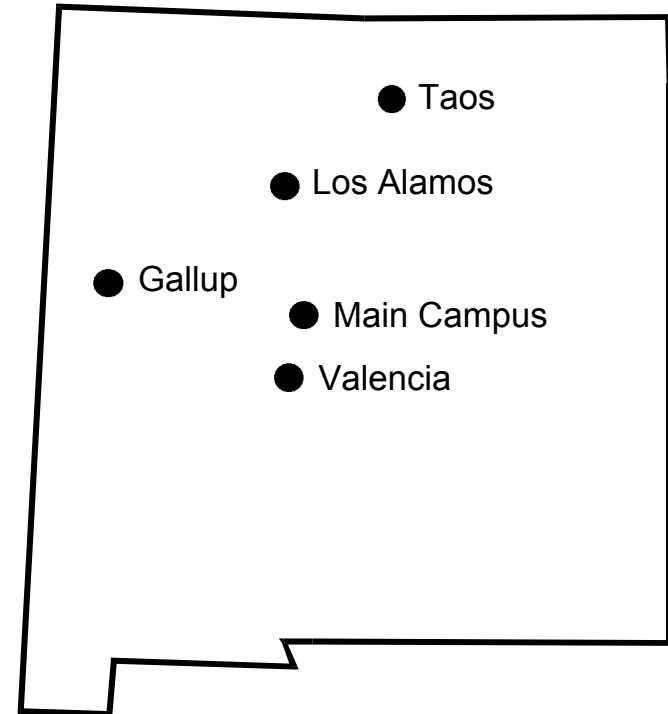

2003-2004

Introduction

In fall 2003, the campuses of the University of New Mexico served 32,696 students; employed 3,076 faculty, 7,202 staff, and 5,276 students (an additional 4,322 staff work at University Hospital); and had a total operating and capital budget of about \$1.4 billion. In the previous academic year, UNM awarded 4,491 degrees and certificates.

This fact book presents data for all UNM campuses. UNM consists of a Main Campus located in Albuquerque, which includes the Health Sciences Center, Extended University, and Continuing Education, and four branch campuses, which have a two-year degree mission: UNM-Gallup, UNM-Los Alamos, UNM-Taos, and UNM-Valencia. The Extended University provides access to courses on-site and via technologies—including satellite broadcasts, videoconferencing, and on-line instruction—throughout the state. The Extended University also encompasses the Upper Division & Graduate Centers at Los Alamos and Santa Fe and upper division and graduate course delivery at Taos, Gallup, Kirtland Airforce Base, and Rio Rancho. The UNM Health Sciences Center and its programs—which include the School of Medicine, College of Nursing, and College of Pharmacy—are sometimes reported in the Fact Book as part of the Main Campus and sometimes separately. Footnotes and labels should make it clear in each case what is included.

An additional unit of the University of New Mexico is the Division of Continuing Education and Community Services, which serves approximately 20,000 students annually in various non-credit or certificate courses, workshops, and training sessions. Approximately 200,000 community and UNM participants use the Conference Center facility each year. CareerWorks, a major program of Continuing Education at UNM, is the leading training provider funded by the State of New Mexico and serves more than 3,100 clients yearly.

Facts at a Glance

Facts at a Glance

Historical Enrollment, Fall 1929-2003

Note: Total UNM enrollment includes Main Campus and all four Branch Campuses. Extended University enrollment, which includes Santa Fe and Los Alamos Upper Division and Graduate Centers, is reported as part of Main Campus enrollment.

Degree Programs, Program Accreditation,
Degrees Awarded & Alumni

Degree Programs (Main Campus)

UNM's Main Campus offers over 200 degree programs. There are 92 baccalaureate, 68 masters, and 38 doctoral level degree programs. Many of the degree programs have additional concentrations and options; for example, the Bachelors in Business Administration degree has a number of concentrations. (See the UNM catalog for information on degree concentrations.) In addition, there are 3 first-professional degree programs in law, medicine, and pharmacy, as well as 5 education specialist degrees (graduate programs beyond the masters level), 3 graduate certificate programs, 1 certificate program, and 2 associate degree programs.

The University offers an Evening and Weekend Degree Program (EWDP) in which nearly 40 complete degree programs are available, and core courses are offered in a number of additional degree programs. About 1,000 classes are offered each semester after 4:00 p.m. or on weekends. Approximately 12,000 non-traditional, working students attend UNM at night each semester. The following list of degree programs are marked with an * if the entire program is available in the EWDP and with a + if several core courses in a program are offered through EWDP.

- ¹ Anderson Schools of Management offers a BBA, an MBA, and a Post-MBA Certificate in several degree concentrations. See the current UNM catalog or ASM's web page for details on these degree concentrations.
- ² Education students can earn a BSED or BAED in a content area outside the College of Education as part of their secondary teaching licensure program.
- ³ An MS and a PhD in Optical Science and Engineering are offered by the Department of Physics and Astronomy in the College of Arts and Sciences and by the Department of Electrical and Computing Engineering in the School of Engineering.
- ⁴ The School of Engineering offers a PhD in Engineering; students can concentrate in Chemical, Civil, Electrical, Mechanical, or Nuclear Engineering. See the UNM catalog for details.

NOTE: Degree programs are marked with an * if the entire program is available in the Evening and Weekend Degree Program (EWDP) and with a + if several core courses in a program are offered through EWDP.

UNM-Los Alamos

Several vocational/technical programs are offered which upon completion result in the Associate of Applied Science degree and which generally have an accompanying certificate.

UNM-Taos

Several academic and technical programs leading to AA, AS, and AAS degrees are offered, as well as one-year certificates and customized training programs.

UNM-Valencia

Several vocational/technical programs are offered which upon completion result in the Associate of Applied Science degree and which generally have an accompanying certificate. They are evaluated every two years by the NM State Dept. of Education, Vocational Education Division.

CIRT

Computer and Information Resources and Technology

Computer and Information Resources and Technology (CIRT) is responsible for the University of New Mexico's enterprise computer systems used by all students, staff, and faculty. This includes the student computer labs (called *Pods*), and the hardware and software to:

- Support and manage the UNM network, including CPU and storage resources.
- Support and manage academic systems such as UNIX, WebCT, and other servers.
- Support administrative systems such as student admissions and registration, payroll, and the financial resources system.
- Provide UNM NetID authentication to access the above systems.

Mission

CIRT's mission is to provide leadership for the effective use of information technologies to achieve the University of New Mexico's vision and mission in education, research, and public service, and to provide support for the effective management and administration of those functions.

CIRT Web Site:

www.unm.edu/cirt

UNM Main Campus Libraries

UNM Main Campus libraries include the UNM General Library (UNMGL), the Health Sciences Library and Informatics Center (HSLIC), and the UNM Law Library (LL), representing three administratively distinct organizations. The UNM General Library encompasses Zimmerman Library, Centennial Science and Engineering Library, Parish Memorial Library, the Fine Arts Library, and the Center for Southwest Research (CSWR). Other libraries (Other) include the following main campus libraries:

Bainbridge Bunting Memorial Slide Library, Multicultural Education Center(MEC)/Equity Library, Tireman Learning Materials Library, and the Native American Studies Center Library. UNMGL is comparable to a non-departmentalized college within the University and is administered by the Dean of Library Services who reports to the Provost and Vice President for Academic Affairs. HSLIC reports to the Vice President for Health Sciences. LL reports to the Dean of the School of Law.

The UNM main campus libraries represent the largest academic collections in the state. They provide a large body of information in print and electronic sources accessible through computer workstations and the Internet. In addition to providing access to resources, the libraries provide instructional opportunities for faculty, students, and staff through formal classes and one-on-one instruction. In 2002, the main campus libraries ranked 66 out of 114 academic libraries in the Association of Research Libraries (ARL). UNM holds membership in the largest information scientific and technology consortium in America—the Alliance for Innovation in Science and Technology Information. The General Library hosts the online catalog for the state, serving 25 academic and special library collections in New Mexico. The libraries' lending network includes the OCLC (41,000 libraries), the Greater Western Library Alliance (32 libraries), the National Network of Libraries of Medicine (more than 5,000 libraries)—a program of the National Library of Medicine, and the Amigos network (750 libraries).

¹ Average award is less than the typical full-year award due to some attrition in the spring semester.

² The Amigo Award is for non-residents, and also provides in-state instead of out-of-state tuition rates.

³ The drop in the number of Bridge to Success recipients in 2001-2002 was due to a one-time change in scholarship requirements for fall 2001.

⁴ The other Scholarship category includes athletic awards, departmental awards, and third-party awards from outside of UNM.

	All Ranks**	90.2%	90.8%	90.5%	89.2%	92.0%	90.9%

* Excludes Medical School faculty. Includes Pharmacy and Nursing faculty.

** Peer average salaries for all ranks combined are weighted by UNM's faculty rank distribution.

UNM Peer Institutions

University of Arizona	University of Oklahoma, Norman
University of Arkansas, Fayetteville	University of Oregon
University of Colorado, Boulder	University of South Carolina, Columbia
University of Iowa	University of Tennessee, Knoxville
University of Kansas - Main	University of Texas, Austin
University of Kentucky	University of Utah
University of Missouri, Columbia	University of Virginia - Main
University of Nebraska, Lincoln	University of Washington

Peer institutions are set by the New Mexico Commission on Higher Education, after consultation with UNM, for use in the funding formula and for making salary comparisons. The peers were chosen as institutions with a similar mix of programs and similar size and mission as UNM.
