UNM Facts

2006-2007

Introduction

In Fall 2006, the campuses of the University of New Mexico served 32,347 students; employed 3,221 faculty, 6,982 staff, and 4,885 students (an additional 4,596 staff work at University Hospital); and had a total operating and capital budget of about \$1.68 billion. In the previous academic year, UNM awarded 5,003 degrees and certificates.

This fact book presents data for all UNM campuses. UNM consists of a Main Campus located in Albuquerque, which includes the Health Sciences Center, Extended University, and Continuing Education, and four branch campuses, which have a two-year degree mission: UNM-Gallup, UNM-Los Alamos, UNM-Taos, and UNM-Valencia. The Extended University provides access to courses on-site and via technologies—including satellite broadcasts, videoconferencing, and on-line instruction—throughout the state. The Extended University also offers courses at centers located in Farmington, Gallup, Kirtland Air Force Base, Los Alamos, Santa Fe, Taos, Valencia, and UNM West (Rio Rancho). The UNM Health Sciences Center and its programs—which include the School of Medicine, College of Nursing, and College of Pharmacy—are sometimes reported in the Fact Book as part of the Main Campus and sometimes separately. Footnotes and labels should make it clear in each case what is included.

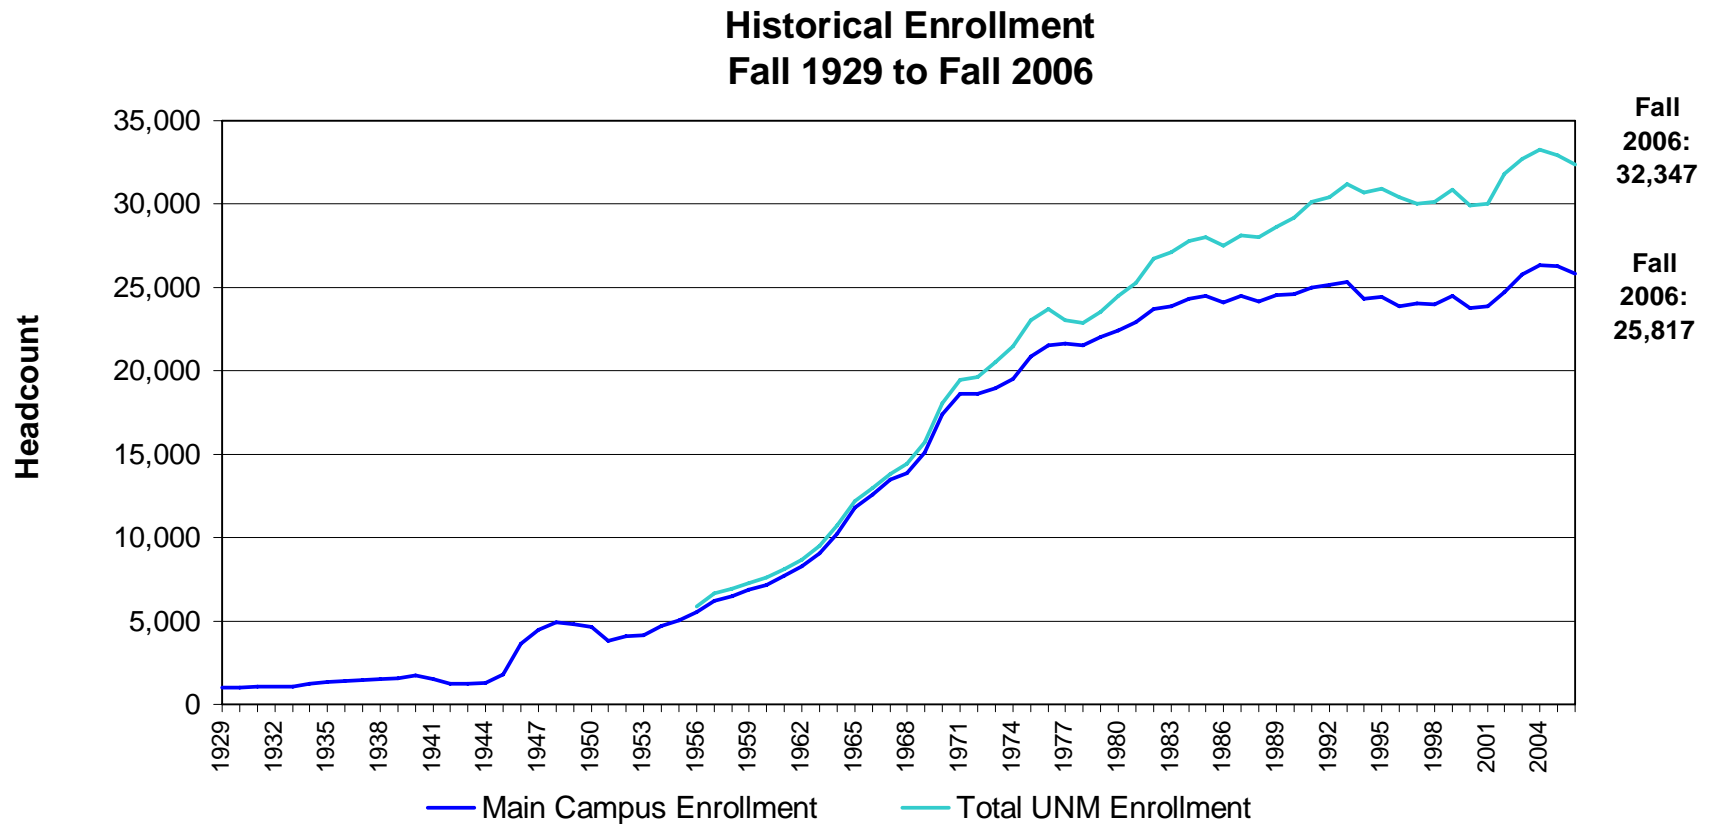

An additional unit of the University of New Mexico is the Division of Continuing Education and Community Services, which serves more than 35,000 students annually in various non-credit or certificate courses, workshops, and training sessions. Approximately 20,000 community and UNM participants use the Conference Center facility each year.

Degree Programs, Program Accreditation,
Degrees Awarded & Alumni

Degree & Certificate Programs (Main Campus)

UNM's Main Campus offers over 215 degree and certificate programs. There are 94 baccalaureate, 71 masters, and 37 doctoral level degree programs. Many of the degree programs have additional concentrations and options; for example, the Bachelors in Business Administration degree has a number of concentrations. (See the UNM catalog for information on degree concentrations.) In addition, there are 3 first-professional degree programs—in law, medicine, and pharmacy—as well as 5 education specialist certificates (graduate programs beyond the masters level), 7 graduate certificate programs, 1 undergraduate certificate program, and 1 associate degree program.

The University offers an Evening and Weekend Degree Program (EWDP) in which nearly 40 complete degree programs are available, and core courses are offered in a number of additional degree programs. About 1,000 classes are offered each semester after 4:00 p.m. or on weekends. Approximately 12,000 non-traditional, working students attend UNM at night each semester. The following list of degree programs are marked with an * if the entire program is available in the EWDP and with a + if several core courses in a program are offered through EWDP.

Information Technology Services

Computing Services . Communications Network Services. Project LINK

Information and Technology Services is responsible for the University of New Mexico's enterprise computer & networking systems used by students, staff, and faculty.

- ITS supports, monitors, and manages the UNM voice and data networks, including computing and storage resources.
- ITS supports and manages computing environments and services, such as WebCT, Portal, computer pods, departmental software purchasing, course evaluations, and test scoring.
- ITS supports applications such as student admissions and registration, financial aid, human resources, payroll, and finance being implemented in Project LINK.
- ITS provides and manages UNM NetID authentication to access the above systems, as well as email, web services, and internet access.

Mission

The mission of ITS is to provide leadership for the effective use of information technologies to achieve the University of New Mexico's vision and mission in education, research, and public service, and to support the effective management and administration of those functions.

UNM Main Campus Libraries

UNM Main Campus (Albuquerque) libraries include the University Libraries, the Health Sciences Library & Informatics Center (HSLIC), and the Law Library, representing three administratively distinct organizations. The University Libraries encompass four libraries:

- Zimmerman Library
- Centennial Science and Engineering Library
- Parish Memorial Library
- Fine Arts Library

University Libraries is comparable to a non-departmentalized college within the University and is administered by the Dean of University Libraries who reports to the Provost and Executive VP for Academic Affairs. HSLIC reports to the Executive VP for Health Sciences. The Law Library reports to the Dean of the School of Law.

Other libraries (Other) include the following main campus libraries: Bunting Visual Resources Library, Tireman Learning Materials Library, and the Native American Studies Center Library.

The UNM main campus libraries represent the largest academic collections in the state. Materials are collected in a wide variety of formats in addition to books and journals—including electronic journals and books, manuscripts, recordings, and photographs among others. Access to our collections and the collections of other libraries in the state is available on-line via the LIBROS electronic catalog. The LIBROS catalog is hosted by the University Libraries for the state, serving 25 academic and special library collections in New Mexico. Instruction on research strategies and use of library resources is provided for faculty, students, and staff through formal classes and one-on-one instruction. UNM Libraries is the only library system in the state that maintains membership in the Association of Research Libraries (ARL). UNM holds membership in the largest information scientific and technology consortium in America—the Alliance for Innovation in Science and Technology Information. The University Libraries is also a Federal Depository, an Official Patent and Trademark Library, and houses the Map and Geographic Information Center. The libraries' lending network includes the OCLC (network of 41,555 libraries in 112 countries), the Greater Western Library Alliance (31 libraries), the National Network of Libraries of Medicine (5,432 libraries)—a program of the National Library of Medicine, and the Amigos network (754 libraries).

¹ Average award is less than the typical full-year award due to some attrition in the spring semester.

² The Amigo Award is for non-residents, and also provides in-state instead of out-of-state tuition rates.

³ The low number of Bridge to Success recipients in 2001-2002 was due to a one-time change in scholarship requirements for fall 2001.

⁴ The other Scholarship category includes athletic awards, departmental awards, and third-party awards from outside of UNM.

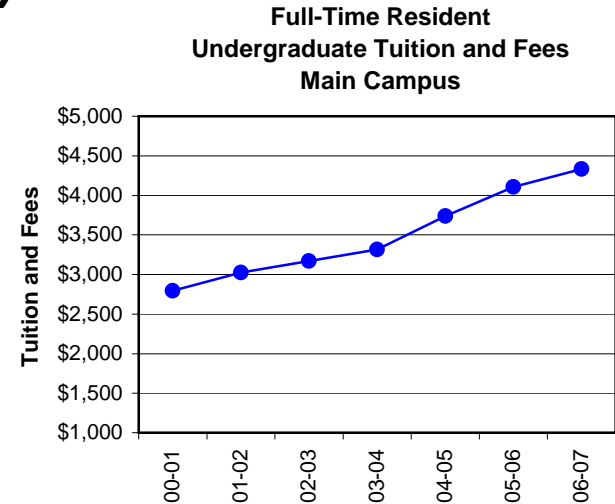

⁵ NM Scholars program awards not granted to first-time freshmen in 2004-2005.
